**CANTHARONE**

**“BEATLE JUICE”**

- Cantharone is a solution used in treatment of Molluscum and other warts
- The treatment area should be left covered for less than **1 HOUR**.
- Remove the bandage and gently wash the area with soap and water.
- IF STINGING/BURNING/TENDERNESS should occur, please remove the
- Bandage as soon as symptoms occur and wash with soap and water
- BLISTER may form at the treatment site within 12hours. You may pierce a
- small hole in the blister but do not remove the top of the blister. You may wash  
with soap and water.
- Call our office if signs of infection occur (Redness / Swelling / Increased Pain /  
Yellow Discharge)
